On October 21, 2001 we had a Burleson Family Reunion Honoring the Teachers of the Burleson Family Past and Present, US Burleyson our first one honored.

A special **Thank You**, to Bob for the interesting articles on his grandfather, U.S. Burleyson. This is a very special tribute to U.S. Burleyson and it gives us a better understanding of our earliest teacher.

Ulysses Shakespeare Burleyson

August 8, 1870 – October 27, 1959

Ulysses Shakespeare Burleyson or better known as U.S. Burleyson or as Papaw to his grandchildren was my hero and my grandfather. He always reminded me of Abraham Lincoln, as he was a man of integrity and a man whose word was as good as any written contract.

As most men of his day, he grew up as a farmer and did not have the opportunity of advanced education. However, for as long as I can remember and from family stories, he was in a “learning mode”. He shared his early knowledge as a schoolteacher at the Burleyson School, located in Stanly County near his home area of Bloomington. I am unsure as to the dates of his classroom service and assume that they may have been before his marriage on December 22, 1895, to Rosa Lillian Ann “Mollie” Furr, daughter of Aaron Furr and Sarah Leticia “Janie” Hatley. Judging from a picture of the schoolhouse, it was nothing fancy but typical of the small schools of that period.

He also operated a country store that was located in the Bloomington community. My mother – Judie Burleson Cree – remembers helping in the store. The store was later sold to his son, Theodore, but it burned a short time later with no insurance. He also farmed the land around his home for a number of years.

In the 1920s, he moved his family to Albemarle where he lived the remainder of his life. He continued doing light farming and kept some cows on his “Poplin Place” located west of Albemarle. In later years, he developed this property and sold lots that provided him with much of his income.

U.S. Burleyson was a dedicated Christian and a life long member of the Canton Baptist Church, located near his old home place in Stanly County. He was the author of *The History of Canton Baptist Church*, published in 1952. He continued to “learn” until the time of his death on October 27, 1959. I still miss him.

U.S. Burleyson's School Bell

Photos from Bob Cree. He wrote a short paragraph about the bell and U.S. Burleyson, his grandfather. "Attached are two photos. One is of my Mother- Judie Burluson Cree- holding the bell that my grandfather Ulysses S. Burleyson used when he taught school at the Burleyson School. The other photo is of the bell alone. What stories the bell could tell if it only could talk. The bell now belongs to my sister Lynda Ann Cree Thompson who lives in High Point. She purchased the bell at the auction of the estate of U.S. Burleyson. Her only opponent in bidding at the auction was Hobart Morton. Back at that time, the family would use others to bid so as not to keep "outsiders" from bidding. I remember that Quentin Lowder did the bidding for Hobart Morton but am not sure who bid for my sister. The bell sold for \$12.50 which was a lot of money in those days.

Another note about U.S. Burleyson, Sr., he built the brick house at 1433 Charlotte Road next to the old West Albemarle Elementary School. Guess that I am getting old for I remember them building that school. If you stopped by the house today, you would still see his actual signature in the cement at the end of the walk where it joins the public sidewalk. He always had a beautiful handwriting. I sure did not inherit this talent from him." Bob Cree

THE BURLEYSON VINEYARD

By Bob Cree,
Grandson of U.S. Burleyson

Visiting the Burleyson vineyard was always a highlight in my visit with my grandfather Ulysses Shakespeare Burleyson who lived in Albemarle, NC. Incidentally, Grandpa always spelled his name with a "y" although all his children dropped the letter.

The vineyard was on a hillside on a farm owned by Grandpa Burleyson that he called the Poplin Place. The farm was just west of Long Creek on what is now the Hwy 52 bypass but in those days, there was no bypass.

According to my memory, the vineyard was started in the late 1930s and was producing well until the time of World War II. U. S. Burleyson's son, Edward Macon Burleson, was key in its development but left the operation in

the early days of the war and was in the Army. At the same time, U. S. Burleyson's other sons were either in the military, in defense work, or just not available to work the vineyard which required much more work than most people realize. This left Grandpa as the primary care giver at age 72.

I remember during one of my visits that some of my Stanly County friends and I were going swimming in the Creek so Grandpa gave each us a bunch of grapes to take with us. While swimming, a neighbor (I guess for there were not many homes in the area) came by and accused us of stealing Mr. Burleyson's grapes. We never convinced him that they had been given to us. Incidentally, during that same swim, we saw a large (at least it was large to me then) water snake in the creek coming directly towards us. We all left as fast we could, crawled under a barbwire fence with one exception. One of the boys caught his pants on the barbwire and could not get loose. Finally with torn pants, he joined the rest

of us in flight. The vineyard went down rapidly with no one to give it the tender loving care it needed but while it was operating, I enjoyed every visit there. I always thought the grapes were for making grape jelly but later I learned that people bought grapes for other purposes.

He was born August 10, 1902 in NEWPORT NEWS, VA, and died April 3, 1995 in FAIRVIEW MEM PARK, STANLY CO, NC.

Judie Burleson Cree

She is the daughter of U.S. Burleyson (also a teacher) and Rosa Lillian Ann "Mollie" Furr. She was born February 1, 1909 at the home of her parents in Bloomington, Stanly County.

I am unsure of the location of her elementary school education but assume that it was in the Bloomington area. She graduated from Albemarle High School around 1926 and then attended Wingate Junior College, where she met her future husband and my Father- Archie Gilliam Cree. After graduation from Wingate Junior College she attended Catawba College and graduated there with her BA degree. She was the first in her family to graduate from college, which was most unusual in those days.

Her first teaching position was at the Ridgecrest School in Stanly County. She taught there for one school session and wanted "to see the world" so she accepted a teaching position in a one-teacher school in Delaware. She lived with the Reed family who resided near the school. Most days she walked from home to the school but at times, the family with whom she lived would take her. She would assign various boys to build a fire in the heating stove each day as well as to bring in the required wood. She taught all the elementary grades in the one-room school for one year.

An interesting side note: About four years ago, Mother, my wife-June, and I were talking about her teaching in Delaware, and she remarked that she felt she had not expressed her appreciation to the family she lived with during her teaching year there. My wife asked Mother if she had ever had contact with the family since those days and Mother replied that she had not. My wife picked up the phone, called information and connected with the family where she found both the host husband and wife were still living and, in fact, the wife answered the phone. Mother and the lady carried on a conversation as if they had been apart for only a few months but it had been approximately 69 years. Incidentally, Mother then mailed them a check as a token of appreciation for what they had done.

She left the Delaware teaching position and married Archie G. Cree on December 26, 1930. The ceremony took place at the home of her Father who then resided at 1433 Charlotte Highway in Albemarle (next to the old West Albemarle Elementary School which is now a school administration building). They located in Newport News, Virginia where Archie worked as a bookkeeper in an appliance business owned by his sister's husband. Their first child- William Robert Cree (me) was born there on May 9, 1932. Their other child- Lynda Ann Cree was born in Statesville, NC on January 31, 1939.

Mother did not return to teaching until approximately 1945, the year her daughter started school. She taught at the Winecoff School in Concord, North Carolina. When the family moved to Albemarle in 1948, she transferred to the Endy School located in Stanly County. Dad became an Associational Missionary with the Baptist in Stanly County and later relocated to several other communities. Mother continued to teach transferring each time that Dad moved. The locations included Oxford, NC, Whiteville, NC, and Monroe, NC. She retired from teaching in approximately 1971.

I always considered my Mother as a most dedicated teacher. I remember her sitting up late at night grading the papers her students had submitted that day. I knew my teachers did not grade all my own papers so I asked her why she checked every single paper. Her reply was that if I required the student to use their time to prepare the paper, I owed them time to correct it. She loved teaching but when asked recently if she wished that she could return to the classroom, she replied "no". She did not feel she could face the lack of discipline in today's classroom and the lack of parent support, which appears to be a major problem. I must agree with her.

Until the last few months, Mother has worked to keep her mind sharp even at the age of 92. She would work her daily crossword puzzles and always kept at least five library books on her table. While she continues to do some reading, it is becoming more difficult each day. I wish I could provide more detailed information but her memory is not what it once was. William Robert "Bob" Cree

EDWARD MACON BURLESON

By Bob Cree

Edward Macon Burleson went by his middle name- Macon. He, as the other sons of Ulysses S. Burleyson, was capable of doing most anything that required mechanical skills. At one time in his life, he operated a vineyard, was a textile worker, owned his own trucking business, and did some farming among other things. Both he and his first wife Muriel Howard developed tuberculosis and spent time in a sanatorium in North Carolina. He recovered but the illness was fatal to her. Macon later married Mary Beatrice Smith, better known as Bea, adopted her two children by a previous marriage and had two additional children by her. He served in the US Army during WW II and was awarded the Bronze Star.

CITATION

Sergeant EDWARD M. BURLESON, (34256546), (Tank), United States Army. For meritorious services in connection with military operations against the enemy on 16 April 1945 on Ie Shima, R.I. The amphibious tractor commanded by sergeant Burleson was carrying a load of ammunition and water to the assault elements of infantry troops. As he moved forward, Sergeant Burleson encountered heavy mine fields covered by enemy rifle and machine gun fire. Realizing the urgency of his mission, he dismounted from his tractor and, disregarding all enemy fire, led his vehicle through the minefields to the front lines. He unloaded his tractor and was ordered to bring up more supplies, as they were urgently needed. Sergeant Burleson returned to the beach, picked up another load, and again led his tractor back to the front lines over his previously established route. This courageous action established a mine free supply route for all following vehicles.
